

The fall season is with us, and society is turning its gaze from the seashore and mountains toward the pleasures of the city. The leaves will begin to turn soon, and then we shall have forgotten all about the heated term and the consequent discomfort. It is interesting to note that the costumes of the ladles are to harmonize with the brighthued leaves of the fall, and that the preparations of dressmakers and milliners all tend toward a complete revolution in dresses and bonnets for the coming season. Thus the regret at the departure of summer will be tempered by the knowledge that there are novelties in dress in store for the woman of taste, and that she will be able to shine as resplendently in the heavier garments of winter as she did in the gossamers of summer.

The first of September has not only made a change in the amusements of the average Pittsburger. The churches are nearly all to open to-day for the fall and winter. The pasters who followed their congregations to the summer resorts, and in some cases to Europe, are generally back again, and the services will be conducted in the usual manner, and the pews will be well filled with the congregation eager to take part in them. Everything suggests the approach of cooler weather, and there is general satisof cooler weather, and the said of enjoying faction what the heat and work of enjoying summer amusements are about over. summer amusements are about over. The orange fete at Edgewood Thursday was a novelty that caught the fancy of all the guests of Mrs. A. W. Cadman. The liberal use of golden-rod suggested that there could hardly be a better selection than this graceful blossom for a national flower. Golden-rod was used everywhere about the spacious lawn, and a delightful effect it made against the dark greenery of the trees and grass in the soft glow of the electric light and Chinese lanterns. Everything that could be of an orange hue, such as the drapery of the booths and tables, was made so and the general appearance of the lawn and house was a restful and brilliant combination almost indescribable. Above all, it was a great triumph for the ladies connected with the fete, for they realized a goodly sum toward the organ that they are, determined to purchase for the new Pres-byterian church at Edgewood. The orange fete idea is a splendid one.

The past week has not been devoid of social interest in Pittsburg. There was the Harvest Home Festival on Mt. Washington, under the auspices of Grace Episcopal Church, which was such a charming entertainment from every point of view. The idea is a pleasant one, and it is well that the old-fashioned "harvest home" can be celebrated in such a delightful manner. It is too late in the season for the example to be followed to any great extent now, but no doubt it will be a popular form of entertainment next year.

Among the most charming hostesses of the week was little Grace Haskell, of Sewickley, who entertained a number of her wee friends Thursday to celebrate her fourth birthday.

Pittsburgers at Lakewood Are Having Fine Time With Rod and Gun. Lakewood, Sept. 3.-[Spec al.]—September, the loveliest month of the year in this climate, and many of last month's visitors are staying over. In addition there have been many arrivals of "hay fever" sufferers, who find immunity from the disease here, so Lakewood is by no means quiet. With September 1 began the shooting season here, and many of the sport-loving young men have given up tennis for a day's outing after squirrels and grouse. This is also the best month in the year for bass and muskalonge fishing. Among the most ardent sportsmen here are the Graff boys, of Pittsburg, some or all of whom spend a portion of nearly every day in the woods or on the water.

Lakewood has passed through its annual "cold snap," which came this year a few days later than usual, and which is always followed by a month or more of delightful weather. The latter is now en evidence, to the satisfaction of guests and landlords alike.
